

Examination	University	Institute	Year	CGPA (%)
Graduation	Anna University	Karpagam College of Engineering	2026	7.25
HSC	State Board	Sakthi Vigneshwara Kalvi Nilayam Higher Secondary School	2022	63.8%
SSLC	State Board	Bishop Ubagaraswamy Higher Secondary School	2020	55.2%

SKILLS SUMMARY

Languages: Python, SQL,C,C++,Java,

Web Technology: HTML,CSS,JavaScript

Platforms : Visual Studio Code, MYSQL Workbench, Spring Boot ,Excel

Soft Skills : Leadership, Time management and Team membership

KEY PROJECTS

Electric Vehicle Battery Management System

[Jun '23]

- Developed an advanced Electric Vehicle Battery Management System leveraging IoT,GPS ,and database technologies.The system accurately tracks the location of the vehicle and displays battery charge in terms of percentage and current speed of the vehicle in real time,enabling optimized energy management and predictive maintenance.The real-time data will be stored and managed in a secure database designed and implemented using MYSQL.

Hospital Management System

[Jun '24]

- Developed a Hospital Management System using Java with Spring Boot as the backend framework,leveraging MYSQL for database management and IntelliJ as the IDE. The System's frontend was crafted using HTML and CSS,providing a user-freindly interface.By integrating these technologies,I created a seamless and automated experience for hospital administration,patient management,and medical record.This project showcases my skill in full-stack development and database integration.

AI-Powered Study Material Generator (Chrome Extension)

[Feb '25]

- Developed an AI-Powered Chrome extension using Google's Gemini AI to generate questions, answers, and revision notes from selected text. Users can right-click on highlighted text to create study materials instantly. The extension leverages AI-based text processing to extract key concepts and summarize content efficiently. It also includes PDF export functionality for offline access. Built with JavaScript, Chrome Extensions API, Google Generative AI API, and jsPDF for seamless browser integration.

CERTIFICATIONS

- NPTEL - Introduction to Industry 4.0 and Industrial Internet of Things-Scored 63% with Elite] [Oct '24]
- Completed Java Programming Course provided by Great Learning [May'24]
- 7th National Conference on Clean and Green Energy presented a paper E-Vehicle BMS [Feb '24]
- Sensing Communication and Control System for Industrial Automation Applications By IIT Palakkad [Aug '24]
- Completed C Language Course - [Udemy] [Aug '23]
- Completed C Language Pointers Course in LinkedIn Learning [Aug '23]
- Completed Arduino Training By IIT Bombay
- NPTEL – Soft Skill Development -[Scored 63% with Elite] [Mar '23]
- Internship on Deccan Pumps Private Limited [Sep '23]

EXTRA-CURRICULAR ACTIVITIES

Social Activity	- NSS Co-ordinator - Uyir Club Member - UBA Member
Technical	- Organized a workshop as a co-ordinator under E-Mobility in my college Dhruva Cultural Fest [Feb '24] - Organized a Fun Games Zone in my college Dhruva Cultural Fest [Feb '23]
